# TECHNOLOGY TRANSFER FOR CONSULTING & TRADING

COMPANY PROFILE

[www.techtranconsult.com](http://www.techtranconsult.com)

# About Us.

## Introduction

Technology Transfer for Consulting & Trading Services specializes in international trading of a diverse range of products, including oil and gas, petrochemicals, foodstuffs, agricultural commodities, fresh fruits & vegetables, precious metals, coal, pharmaceuticals, paints and plastics.

Our trading activities span across five continents, serving markets in North and West Africa, Europe, Asia, and the Americas. Leveraging our extensive experience and strategic global relationships, we ensure reliable sourcing, consistent quality, and on-time delivery to meet the complex needs of our clients worldwide.

# Global Presence

We have established strategic partnerships and a robust supply chain that spans North America, Europe, Asia, Africa, and South America. This extensive reach allows us to efficiently connect suppliers and buyers, ensuring market access to a diverse range of products. Our strong presence across different regions guarantees that we meet the unique demands of our clients, wherever they are located.
